Trinity Christian School is an independent Christian primary school established in September 2013 by Christians from churches in Reading. The school community is made up of pupils from a diverse range of family faith backgrounds. The school offers an education based on a biblical worldview curriculum referencing the National Curriculum, with the aim that all pupils, regardless of their family background, have a sound understanding of the world and are equipped to live productive lives in modern society.

As a school with a particular focus on values and a commitment to a curriculum based on a biblical worldview, we are looking for an individual who shares the school's vision. We are looking for an inspirational teacher with high expectations of progress, both in academic performance but also character and personal development and an ambition to take the opportunities of a Christian school to transform lives. The role can be flexible to fit the experience and requirements of the right individual.

We are committed to safeguarding and promoting the welfare of children. This post is subject to safer recruitment practice and appointments are subject to an enhanced DBS check.
